

NEWS RELEASE

HYFLUX RECEIVED LETTER OF AWARD TO DEVELOP THREE DESALINATION PLANTS IN THE KINGDOM OF SAUDI ARABIA

Singapore, 24 February 2017 – Hyflux Ltd (Hyflux or The Group) wishes to announce that following the announcement made on 13 February 2017, its wholly-owned subsidiary, Hydrochem Saudi Limited, has received the formal Letter of Award from the state-owned Saline Water Conversion Corporation (SWCC) to design, build, supply, test and commission three seawater reverse osmosis desalination plants in Duba, Wajh and Haql, along the Red Sea coast in the western region of the Kingdom of Saudi Arabia.

The desalination plants, valued at a combined estimate of SAR 687 million (approximately USD 180 million), will each have a designed capacity of 16,000 cubic metres per day. The plants will employ reverse osmosis membrane technologies to treat the seawater into water suitable for potable use.

These projects are expected to have a material financial impact to the Group for the financial year ending 31 December 2017.
